

About tanz.nord

+++ When reporting on tanz.nord, please always mention tanz.nord as the network itself. +++

Since 2021, tanz.nord has been creating a structure for regional exchange and cooperation among the independent dance scenes from Hamburg and Schleswig-Holstein. Yearly recurring formats aim to strengthen the networking of the two federal states in the long term. In doing so, tanz.nord explores new performance venues outside urban centers.

The **tanz.nord guest performances** initiate a sustainable and regional touring network that is equally open to artists from both federal states. tanz.nord already showcases existing productions at newly acquired dance venues, increasing the visibility of this art form.

The network meeting **tanz.nord lab** offers dance professionals a space for work and **networking** twice a year. In addition, tanz.nord advocates for long-term audience development outside of urban areas through **school partnerships** and accompanying educational programs.

tanz.nord is supported by **four project partners from Hamburg and Schleswig-Holstein**: Dachverband freie darstellende Künste (DfdK), K3 Zentrum für Choreographie, Tanzplan Hamburg, das Kultur- und Bildungszentrum Bad Oldesloe (KuB) und das Tanz und Performance Netzwerk Schleswig-Holstein (TuP.SH)

tanz.nord is also a partner in the network tanz weit draußen. This alliance supports the nationwide development of contemporary dance in rural regions and eliminates structural deficits and disadvantages beyond urban centers.
